Grad Guide

Who is DC?

Duncan Cotterill is one of New Zealand's largest and most significant full-service law firms. With five offices nationwide, Duncan Cotterill supports startups, privately owned businesses, NFPs, corporates and individuals with their full suite of legal needs both in Aotearoa and internationally.

From employment and health & safety through to litigation, corporate & commercial, finance, property, trusts, family law and beyond, Duncan Cotterill is a heavyweight player with a boutique firm feel.

DC is:

A firm where work life's not your whole life

We take our work seriously, but we don't take ourselves too seriously. You can expect to show up and work hard in your workday on stimulating deals, but be able to clock off and have time for the hobbies and people that are important to you.

A firm where the partner knows your name

Right from day one you'll be collaborating closely with partners and clients.

A firm that works with cool clients and on big deals

Regardless of which team you choose, you'll be working with clients face-to-face. Our clients include well known national and international businesses, as well as a thriving private client practice.

A firm that takes you places

We've got alumni working in big firms in Australia, the UK and beyond. DC's international network provides a springboard for your career.

A firm where 'a welcoming environment' isn't just a saying

We're proud to be the 2025 Prosple Top Overall Law Graduate Employer.

What to expect from our interview process and how to prepare

Our interview process is designed in a way that allows us to get to know you, but also to provide you with genuine insight into what life is like at Duncan Cotterill. You'll get to meet local Partners and senior members of the team, who are all invested in ensuring you have the best possible experience with us!

Initial interview

We'll start with a 25-minute interview to get to know you better and understand your interest in Duncan Cotterill, what you've enjoyed in your studies so far and where you see your legal career heading! This is your chance to shine and show us why you're passionate about joining our team and is equally a great opportunity to get to know us a little better too. At your second interview, you'll meet more of the team. These will be senior lawyers who will get to know you on a deeper level, as well as dive into your experience, skills and aspirations.

If everything clicks, you'll receive an offer to join one of our teams. Get ready to embark on an exciting career with us!

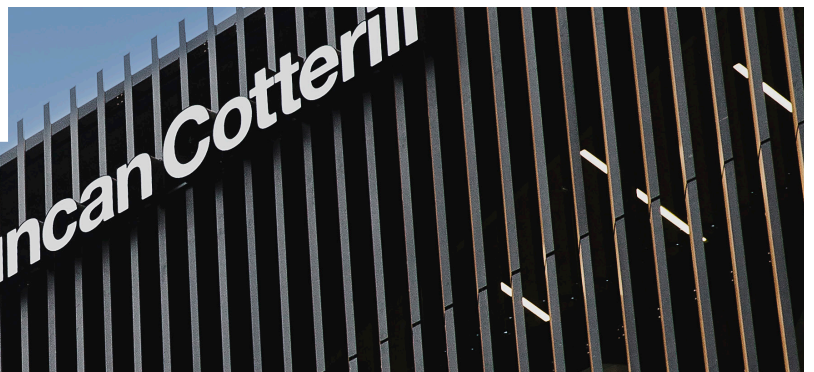

Graduate induction week

If you're joining the firm as a Graduate, you will typically start with us in March following the completion of your degree and Professional studies. In May of each year, we host our annual Graduate induction in Christchurch, which is a highlight for many of our Graduates.

This takes place over three days and will allow you to meet your fellow Graduate cohort from across the country. This is an action packed few days where you will hear from a number of Partners and senior leaders from across the firm around various facets of law and other behind the scenes insights.

You'll also get involved in a range of team building games and events designed to help foster lasting connections with your fellow Graduates. Highlights from previous induction weeks include escape rooms and cooking classes.
